TWO MORE AUTO FIRMS JOIN BUY-A-BALE MOVE COTTON BOYS GET NEW LINE

AUSTRIAN COTTONS MADE BY ITALY

Two more big automobile concerns came to the aid of the south Thursday when the Oakland Motor Car company and the Cadillac Motor Car company joined the "buy-a-bale" campaign.

The Oakland Motor Car company authorized its representatives in the cotton-growing state to purchase four bales for each representative, making a total of 1,000 bales that will be bought by the Oakland company at 10 cents a pound.

The announcement of the Oakland company's entrance into the "buy-a-bale" movement was made by their Atlanta representative, George W. Hanson. Mr. Hanson gave out the following telegram, a copy of which has been sent to every Oakland representative in the south:

THE FACTS ABOUT STORING COTTON

Chairman H. Y. McCord, of the local buy-a-bale committee, has made the following statement concerning the cost of storing and insuring cotton:

"The cost of storing and insuring cotton ranges from 15 to 25 cents per bale per month. In several warehouses I am now getting cotton stored and insured for 15 cents. The ones that charge as high as 25 cents are the exception rather than the rule. A statement has been called to my attention in a New York newspaper, to the effect that the cost of storing and insuring cotton bought at 10 cents, together with shipping and depreciation, will run the total cost to 12 to 15 cents per pound in 12 months. This is wholly erroneous and is calculated to harm the buy-a-bale movement. Even at 25 cents a month, storage and insurance will increase the purchase price of cotton less than 1 cent per pound in 12 months. As for the shipping, there is none unless the cotton be wet when it is stored, and in that case there is always a deduction in favor of the purchaser for wet weights. As for depreciation, anyone who knows anything about cotton knows that instead of depreciating in quality in warehouses, cotton appreciates the longer it is stored."

Dalton's Meanest Thief Steals Man's Shoes as He Slumbers in Woods

(Special Dispatch to The Journal.)

DALTON, Ga., Oct. 1.—Bob Stinson, resident of North Dalton, has received a visit from the guy who stole candy from the baby and swapped a plugged rafter for change from a blind man's.

This "real man" came up on St. Rinston, asleep in a grove in the heart of the woods, and stole his shoes from off his feet. He awoke, he felt chilled and himself the measurer of "violent cold. He had walk home barefooted."

Paper Declares French Exacted Blood Revenge for Their Defeat 44 Years Ago

Citizens of Atlanta are halting on Thursday to nominate a recorder and a tax collector because no candidate received a majority of the votes cast in those two races at the primary of September 16, when four candidates for each of the offices were in the field. Now the races have narrowed to the two candidates, who led in the first primary. A light vote is being cast in the polling places all over the city, and nowhere has any excitement been manifested.

All four candidates were busy during the morning urging their friends to go to the polls and cast a ballot. For recorder the candidates are John Y. Smith, who led the ticket with 1,089 plurality at the first primary, and George E. Johnson, a member of the board of police commissioners, who ran second at the first primary.

The race for tax collector is between E. E. Williams, the incumbent, and Frank F. Smith, who ran him a close second at the first primary.

In the first primary at which various municipal officers were elected only 3,432 votes were polled, and politicians estimate that the vote of September 16 will not even be approximated at Thursday's primary.

The polling places have been located by Secretary J. O. Cochran as follows: First Ward—Hunter and Madison avenue. Second Ward—30 South Pryor street. Third Ward—Chester and Hunter streets (Portworts' store). Fourth Ward—Highland and Boulevard. Fifth Ward—54 Marietta street. Sixth Ward—Grand opera house. Seventh Ward—H. H. Henshaw place (O. H. Shames' store). Eighth Ward—A. S. Gordon street (E. W. Brooks' place). Ninth Ward—B-640 Gordon street. Tenth Ward—Tucker and McMurray's. Eleventh Ward—227 Stewart avenue. Twelfth Ward—A-213 Edgewood avenue.

The twelfth ward is a cross street (Eaton's crossing). Tenth Ward—Tucker and McMurray's. Eleventh Ward—227 Stewart avenue. Twelfth Ward—A-213 Edgewood avenue.

BORAH LEADS ATTACK ON ANTI-TRUST MEASURE

(By Associated Press.)

WASHINGTON, Oct. 1.—The fight on the Clayton trust bill conference report was continued today, with Senator Borah leading the attack. He contended the Democratic anti-trust program was a reversal of strict statutory prohibitions of monopoly as expressed in the Sherman law, and was a step toward regulation of monopolies and restraint by commission.

CREW OF STEAMER, SUNK BY MINE, AT LOWESTOFT

LOWESTOFT, Oct. 1.—(Via London.)—The crew of the steamer Baby, sunk by a mine in the North sea on a voyage from Shields to Antwerp, was landed today.

BEAT THE HOLDING GETS NEW CHECK

(By Associated Press.)

WASHINGTON, Oct. 1.—Slight advances by both wings of the allied armies are indicated in an official statement issued by the French war office at 2:45 o'clock this afternoon. At the same time the general situation is described as unchanged.

"We have, nevertheless," says the statement, "made progress on our left to the north of the Somme and on our right in the southern Weverre district."

GERMAN SHIP SUNK BY SEVERE SINCE WAR BROKE OUT

The brief Paris announcement affords the only light from official sources thrown on the tremendous struggle in northern France today. London and Berlin remained silent in the late afternoon, and what unofficial reports reached the United States by way of the capitals of the belligerents contained little to indicate the course of events in different battlefields. Not since the war began has the censorship been so severe.

The latest Berlin announcements, made last night, said the allies had been repulsed at Albert, eighteen miles northeast of Amiens, and that the German attack in Arras was progressing steadily, though slowly.

REAL BATTLE NOW IN PROGRESS BETWEEN JAPS AND GERMANS

The most recent word from the Belgian war office, also given out last night, stated that the Belgians were successfully repulsing the attack of the Germans on Antwerp.

Fighting in the far east has begun in earnest with an attack by the German warships on the land positions of the Japanese, who are besieging Tsing-Tau in furtherance of their campaign against the district of Kiau-Chow in Germany.

The refusal of Germany to withdraw from this leased possession caused Japan to declare war.

GERMAN TORPEDO BOAT DESTROYED

An official statement issued at Tokyo today says that Japanese mine guns sunk a German torpedo boat destroyer, while a Japanese mine sweeper was sunk off the harbor and a Japanese supply ship damaged. The somewhat vague Japanese statement gives the impression that the battle continues without definite result thus far.

A correspondent at Paris, referring to the events of yesterday, says that the Germans continue a fierce attack on the allies in the angle formed by the rivers Oise and Aisne in the direction of Tracy-le-Mont. Yesterday's statement by the French war office said that the Germans were repulsed at Tracy-le-Mont.

The French national committee is appealing for winter clothing for the troops, declaring that a long campaign in cold weather is a possibility.

France has revived the office of field marshal of France.

AUSTRIA ACCEPTS ITALY'S DEMANDS

WILL PAY INDEMNITY AND MOVE MINES

British revenues for the first half of the fiscal year ending yesterday fell off \$13,500,000, while expenditures were increased by nearly \$230,000,000.

Austria has replied to the protest of Italy, expressing regret that Austrian mines in the Adriatic have destroyed Italian fishing boats and promised compensation and greater care regarding these mines. It is reported that Italy demands an indemnity of \$1,000,000.

The thirty-eight German casualty list published today contains the names of 8,000 officers and men killed, wounded or missing.

GERMAN WARSHIPS SUNK BY JAPANESE

FIVE HEAVY PONTON BRIGDES SPAN THE MEUSE

LONDON, Oct. 1.—A dispatch from Ghent to the Express, dated Wednesday, declares that the Germans have built five heavy ponton bridges across the river Meuse between Givet and Namur, apparently to facilitate their retreat from France. All their wounded the dispatch says, have been removed from Brussels.

GERMAN WARSHIPS SUNK BY JAPANESE

NEAR TSING-TAU; ONE SHIP IS SUNK

TOKIO, Oct. 1.—A severe engagement has been opened by the German warships which cannonaded the Japanese positions near Tsing-Tau. The German torpedo boat destroyer, which was sunk yesterday (Wednesday), apparently this ship was not in action. From other sources it is stated that the German destroyer was sunk by Japanese mine guns.

WAR BATTLES

FLEET OF FORTY GERMAN WARSHIPS DRIVEN FROM RUSSIAN COAST BY FORT FIRE.

PARIS, Oct. 1.—A Petrograd dispatch to the Havas agency dated September 30, says: "The details of the naval engagement which occurred September 24 off the coast of Windau, a Russian seaport in Courland, on the Baltic, have been made public. It appears that a German squadron, comprising forty ships of all classes, appeared off the harbor and were prevented from landing forces by the heavy fire from the forts. No officer and two sailors were killed and three more were drowned. "The ships withdrew, but on the day following two cruisers returned, opened fire and destroyed the lighthouse. They killed a civilian and a number of soldiers, but were driven off again by the fire from the forts."

OFFICIAL GERMAN STATEMENT SAYS ALLIES REFUSED IN NORTH FRANCE.

LONDON, Oct. 1.—An official statement issued from German general headquarters under the date of the evening of September 30, is given in a dispatch to Reuters' Telegram company from Berlin via Amsterdam. It says: "The hostile forces advancing to the north and south of Albert (a town of France eighteen miles northeast of Amiens), have been repulsed. The front battle line is without new gains. "In Argonne our attack is progressing steadily though slowly. At the outer forts on the Meuse the line is without change. "Yesterday the enemy advanced in Alsace and Lorraine in the central Vosges. His attacks were energetically repulsed. The eastern theater is without news."

CLOSING OF DARDANELLES CAUSED BY ATTITUDE OF ALLIES' FLEET.

LONDON, Oct. 1.—A dispatch from Constantinople to the Havas agency, says the newspapers explain that the closing of the Dardanelles is due to the fact that English and French cruisers are standing about the mouth of the straits and examining merchant steamers. It is asserted that the straits will remain closed until the allied fleets depart.

HUNGARIANS RECAPTURE USZOK PASS IN CARPATHIANS FROM THE RUSSIANS.

LONDON, Oct. 1.—An official message issued at Budapest, according to the Rome dispatch to Reuters' Telegram company, states that the Hungarians have recaptured Uszok Pass in the Carpathians.

GERMAN EFFORT TO CROSS NIEMEN RIVER IN POLAND HAS NOT BEEN SUCCESSFUL.

LONDON, Oct. 1.—The Petrograd correspondent of the Morning Post has sent the following dispatch: "The Germans continue to attempt a passage of the Niemen river, Russian Poland, but so far they have been unsuccessful. It is obvious that their forces are increasing for their last attack covered ground extending from Osmowetz to Symon (these towns are in Russian Poland), a distance of seventy-four miles. "The Russians are meeting the German west of the Niemen. They (the Germans) are hardly making any descent on the Baltic coast between Memel and Windau, which is the only stretch of Russian coast line that offers a chance for such operations. German ships are being considerably harassed by the Russian fleet. On the coast, German flotillas of small gunboats, transports and cruisers approached the coast. It is possible that these movements were intended merely for the effect. It is not known whether there were really any troops aboard the transports, which, after taking soundings, departed peacefully home again."

AUSTRIA ACCEPTS ITALY'S DEMANDS; WILL PAY INDEMNITY AND MOVE MINES.

ROME, Italy, Oct. 1.—(By way of London.)—The Austrian government has replied to the Italian protest against the floating mines in the Adriatic sea. Austria deplores the sinking of Italian vessels and promises to take measures to remove the menace to shipping and to fully indemnify the families of the victims. It is reported that Italy demands an indemnity from Austria of \$1,000,000.

ITALY WILL PROTEST TO TURKEY AGAINST ABOLITION OF CAPTIVITIES.

PARIS, Oct. 1.—Italy is ready to make a protest to Turkey against the abolition of the capitulations at Constantinople, according to a Rome dispatch to the Havas agency.

FRENCH CHECK VIOLENT ATTACKS OF GERMANS AND ALLIES HOLD ADVANTAGE ON AISNE.

PARIS, Oct. 1.—The Germans continue the fierce attack in the line formed by the Aisne, which is directed in the direction of Reims. The latest news from the front while not giving sufficient details to satisfy the Parisian eagerness for war news, is nevertheless regarded by them as favorable, and they continue to wait with patience for some decisive result of the great battle.

GERMAN POSITIONS AT AUGUSTOWA AND KOPETZ IN POLAND CAPTURED BY THE RUSSIANS.

WASHINGTON, Oct. 1.—Colonel Golikow, military attache of the Russian embassy, today issued the following official report from Petrograd: "On September 28, after stubborn fighting our troops have captured the German positions at Augustowa and Kopetz. On September 29 we took the fortifications between the lakes at Simno, Serele and Lepunzy. "The Germans have been driven back into the region between Suwalki, Sehn and Marianopol. Our advance continues. German siege artillery continues the bombardment of Osmowetz, but without success. At Schutchnik and at Andriew only unimportant skirmishes are reported."

TWO GERMAN DIVISIONS DESTROYED IN POLAND BY RUSSIAN ARMY.

LONDON, Oct. 1.—The correspondent of the Telegraph at Petrograd, telegraphing regarding the operations in Russian Poland near the East Prussian border, says: "The triangle formed by joining St. Shushin, Augustowa and Osmowetz is little more than a Russian name, making military operations difficult even in the best weather. Rain has been falling heavily for the past two days but the Russians nevertheless are pushing on determinedly. "The recent fighting has been sanguinary, two German divisions having been destroyed in the battle of Druskeniki. In the west of Russian Poland the brushes between the Russian and German forces are becoming more and more bitter. The Polish peasants are feeling better against the Germans and this feeling has been increased by contact with German humor. As an instance the Germans everywhere pretend to pay for food supplies with documents written in German, which the peasants do not understand. When translated the peasants found that these papers had inscribed thereon that 'whoever presents this at the end of the war will be hanged'."

WAR TAX MAY BE PLACED ON AUTOS; NOT GASOLINE

WASHINGTON, Oct. 1.—Democrats of the senate submitted a bill today voted to substitute for the tax of two cents a gallon on gasoline in the war revenue bill. The bill provides that 25 cents per horse power on automobiles and \$1 per horse power on taxicabs and other motor vehicles. The committee estimates that would yield an annual revenue of \$10,000,000. An owner of a thirty horse power car would pay an annual tax of \$7.50 and a manufacturer selling such a machine would pay \$30.

Oil Treatment for Stomach Troubles

A simple prescription made up of a combination of pure vegetable oils is producing wonderful results for suffering from indigestion, making military operations difficult. The remedy, which is said to have originated in France, was introduced into this country by George J. May, a Chicago druggist, who cured himself of severe stomach troubles by its use. Those who have used it say the first dose is sufficient to convince any one of its remarkable merit, and that within twenty-four hours the sufferer feels like a new person. This medicine, which has become known as May's Wonderful Stomach Remedy, is now sold by first class druggists everywhere. It is now sold by Jacob's Pharmacy—(Advt.)

DOGGED COURAGE OF THE FRENCH TROOPS FEATURE OF BATTLE

Bravery of Soldiers Has Stood Out Prominently In Desperate Fighting Marking Capture and Recapture of Poronne

LONDON, October 1.—The Amiens correspondent of the Daily Mail under the date of Sunday in describing the heavy fighting around Poronne, which has been taken and retaken at various times, said it is impossible to exaggerate the dogged courage of the French troops without a shadow of warm admiration. "At 11 o'clock the French advance was subjected to a terrific and concentrated fire and it seemed impossible for the troops to hold their ground. The French artillery had to abandon position after position. "At 2 o'clock the shells began to fall around the cross roads where the station was located and the general in command was unable to get away. He said, 'so long as I stay here we cannot retreat as we have simply agreed to hold on.' "He said the same thing when three farms close by were in flames. He said it was the most desperate battle he had ever seen. "At 3 o'clock he was there still and his men held their own. At 4 o'clock the German fire slackened a little and the infantry attack was pushed forward. "That the French were brave was occupying the position the German guns had held all day. The general had held on."

PEACE PLANS MOVING SMOOTHLY IN MEXICO

MEXICO CITY, Oct. 1.—Suppression of hostilities and all troop movements was agreed upon by the preliminary conference at Aguas Calientes between Carranza and Villa, according to a telegram received here late last night. "The message, issued by General Escobedo, Oregon, further states that it is proposed to hold a larger preliminary gathering at Aguas Calientes October 5, when reinforced delegations of generals from the northern and southern forces will determine details of the general peace. "The thought it must be an end of the controversy between Carranza and Villa. "Conferences at Aguas Calientes, where the general peace, the question of presidential succession, the date of the general elections and the reform platform. Carranza May Postpone Offering His Resignation

WASHINGTON, Oct. 1.—The resignation of Carranza, generally expected today as a step in healing the breach between Carranza and his followers, may not take place at once. Many believe he will wait the outcome of the conference of military chiefs at Zacatecas. "The Zacatecas conference was expected to assemble today. Information here was that its sole purpose was to satisfy the demands of Villa. Chief among those is Carranza's resignation, and while that may be pleaded, it was said Carranza probably would follow his original plan of not actually giving up his place until the Mexico City convention chooses a provisional president. "Communications from Mexico, slow in transmission and hampered by a rigid censorship, shed no light on whether Carranza would resign today. It would begin sessions or whether it would be delayed to await the outcome of the Zacatecas conference. "Bishop Currier, of Matanzas, Cuba, has represented today to President Wilson and Secretary Bryan against seizure of Catholic church property in Mexico by constitutional and against alleged killing and robbing of priests and nuns. The president told him that everything possible was being done to relieve the situation."

UNFORTUNATE CITY OF ALBERT WAS DESTROYED BY GERMAN CANNON

Town Collapsed Like House of Cards Under Terrific Fire of Heavy Artillery, Says an Eye Witness

LONDON, Oct. 1.—Telegraphing from Paris under date of Wednesday, the correspondent of the Daily Mail describes the complete destruction by heavy German artillery of the open and unfortified town of Albert, 18 miles from Amiens, which has been the scene during the past few days of a prolonged and terribly murderous artillery battle. "The attempt almost succeeded. The point of the struggle on the part of the Germans to prevent their fighting being turned compelled them continually to push their front further north and west while the allies continually replied by extending their front over the enemy. The British bringing up large reinforcements. This necessitated long marches of 20 to 25 miles a day and the Germans were repeatedly called on to make an effort to avoid fighting continually whereby they suffered heavy losses. "Yesterday they began to realize their efforts were in vain. They therefore changed their tactics and tried to drive wedges into the allies' front. The point of wedge was the town of Albert. "The attempt almost succeeded. They brought up and massed their artillery and the French infantry suffered considerably. They kept up a fire so rapid in character that at night the whole sky was lit up by bursting shells. Sunday they gained perceptibly and Monday they still pressed on but by that time the French had brought up large batteries and their deadly fire checked the advance of the Germans. "Yesterday the enemy kept up his efforts against but by late afternoon had clearly failed of its aim. There were several batteries at various points around Albert but none within a mile of the town. At ten minutes past five the preliminary bombardment of the town began to fall. Here is an account of the progress of the battle as it was seen by a hallowing Albert: "We were warned along the road to be careful and saw a vast column of people coming away from the town but nothing happened until at ten minutes past five we heard a deep boom, quite unlike the noise made by an ordinary field gun, and a shell evidently of much greater force and size fell in the town. The thought it must be an end of the bombardment and then to our indignation the shells began to fall rapidly. They came in bunches. There were several batteries at work and their shells were excellent. We saw only three shells burst outside the town. The place was literally like a house of cards. Now it was the town had now a group of cottages and then a high wall. "In a Drury Lane melodrama. One could not see without an effort that it was seeing a real town shelled. It was just as if some inventor had made a new kind of explosive and had invited his friends to see it demolish a model of town. I stayed an hour fascinated."

TO REGAIN HEALTH CLEANSE THE BLOOD

When your blood is impure, weak, thin and debilitated, you cannot possibly enjoy good health. Your system becomes receptive of any or all diseases and the French had brought up large batteries and their deadly fire checked the advance of the Germans. BOND ISSUE URGED AS SCHOOL PLAN SOLUTION

Finance Committee Suggests Way Out of the Present Financial Troubles

Following the recommendation of the finance committee that a special committee be named by council to inquire into the needs of the several departments of the city government and make suggestions for a big bond issue to take care of them, Councilman Orville H. Hall, of the Third ward, called attention to the fact that council already has in existence just such a committee, and it will be called together within a few days.

Chairman W. G. Humphrey and other members of the finance committee have been active in their declaration that the city growing like Atlanta, cannot properly maintain its departments and at the same time make appropriations for permanent improvements to the city. The only solution, therefore, they say, is a bond issue to take care of the improvements needed in the case of the various departments.

A resolution introduced by Councilman Hall and adopted by council on May 15 of this year and approved by the mayor three days later, authorized the mayor to make an exhaustive investigation into the needs of the hospitals, the public school, the police and fire departments, and to report back to council. This committee, yet to be organized, is expected to be composed of the following members of council: Chandler, Hall, Armstrong, Lee, McDonald, Smith, Dallas, Humphrey, Smith and Nutting.

The resolution creating the committee authorized it to instruct the heads of the various departments to appear before the committee with an itemized estimate of the amount of money needed by the department for permanent improvements. The resolution provides that the committee shall make a thorough investigation, checking the statements of the heads of the departments.

On the bond committee are the heads of the various departments of the city and they are already familiar with needs, so a report within a month is expected.

A plan for a bond election suggested by members of the finance committee is that bonds for the money needed for each department be listed separately, so that the voters may list items of which they do not approve, without having to vote down the whole plan.

THEATERS

Tonight marks the opening of the Al. G. Field Greater Minstrels at the Atlanta for the twenty-eighth visit. This show will be here for three nights with a musical and variety program. The show will be going to Chicago and will clear it the best Field show ever on the road and that means a minstrel performance sure to please every kind of theater-goer. Mr. Field has always built his shows on lines which have made him successful. At this rate, the A. G. Field minstrels open tonight and all minstrel followers will want to be present.

That Cheever's Minstrels perform the most wonderful act of the sort ever seen on a local stage will be agreed by the many hundreds of thousands who have visited the Forsyth this week. The management of the busy theater has again brought one of the great acts of modern vaudeville right to the doors of the people, and the people are showing appreciation by crowding the playhouse at all performances. The Minstrels—five perfect specimens of physical manhood and Chinese at that—perform stunts that enlist a lot of interest and that win applause. At the finish of the act, two of the men are suspended by their arms and legs in the air, with nothing supporting them but the hairs of their heads, they do things that are sensational.

For next week the headliner will be picked up by the crowd. The Minstrels, who were so successful as the Zigfield Minstrels.

The greatest bargain in amusements is being offered at the Grand this week. "Cubana," the world's greatest photo-drama, is being shown for the first time at 10 cents. There are over 2,000 seats at 10 cents, with box seats and a few front rows at 25 cents.

A very tender love interest which starts at the beginning of the picture and is maintained all through the two hours and fifteen minutes which it takes to exhibit the picture. It is one of the features which makes it the greatest story ever filmed. The engagement is for this week only and in order to accommodate the crowds the management is giving five shows at 12:00, 2:15, 4:30, 6:45 and 9 p. m. Running continuous.

"The Day Morning Glories" present a good entertainment at the Lyric this week. The program is a new face comedy play, set to music, and there is a lot of good singing. The program is good. There are people who are advancing in their profession and a chorus that can sing and dance. In all the "Morning Glories" present an entertainment of the highest quality for the time.

For next week the "Blue Ribbon Players," an organization of thirty-five actresses, including a club of sixteen, pretty girls, will be the attraction.

Seats are now selling for the most thrilling and interesting drama of the year, the play bearing the title "The Day." It opens at the Atlanta Monday night and Tuesday matinee and night performance.

COUPLE DECIDES TO WED AHEAD OF TIME

Although they were to have been married only a few weeks from now, Mr. H. McMurtry, of Augusta, and Miss Mary Brooks, of Augusta, decided not to wait, but surprised their friends by marrying while they were on a recent shopping tour in Macon.

The bride's mother and sister were the only attendants. The young couple came on to Atlanta and are now at the Wincock.

COMB SAGE TEA IN LIFELESS, GRAY HAIR

If Mixed with Sulphur It Darkens so Naturally Nobody can Tell

Grandmother kept her hair beautifully darkened, glossy and abundant with a brew of Sage Tea and Sulphur. Whenever her hair fell out or turned gray, faded or streaked appearance, this simple mixture was applied to it. It has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears, after another application or two, it is restored to its natural color and looks glossy, soft and abundant.—(Adv.)

A well-known downtown drugist says everybody uses Wyeth's Sage and Sulphur, because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears, after another application or two, it is restored to its natural color and looks glossy, soft and abundant.—(Adv.)

SUNDAY SCHOOLS WILL JOIN PEACE CELEBRATION

Rally Day Services Will Be Held In Connection With Peace Program

The coincidence of Peace Day and Rally Day falling on the same Sunday, October 4, has decided several Sunday schools and churches in the city, to base their Rally Day services in the form of a peace celebration.

At the Episcopalian Memorial Methodist Episcopal church, the Grace Methodist church and numbers of others in the city, the Rally Day services in the Sunday schools in the morning will be based on the peace idea, and prayers will be offered that the European trouble may soon be over.

Dr. Charles O. Jones, Grace Methodist pastor, will address the 100 members of the Wesleyan Bible class in the morning, and Miss Mattie Ellis, contralto soloist, will sing. Grace church is expecting 600 scholars to turn out for Rally Day.

At the Episcopalian Memorial church, Sunday school rally services will be held at 9:45 o'clock in the morning. At 11 o'clock, Rev. Dr. F. W. Hixson, president of Chattanooga university, will speak, and at 3 o'clock in the afternoon will deliver an address at the peace day exercises, held in accordance with the program of the League of Nations, that day so celebrated in the churches of the land. Dr. F. G. Lott, the resident bishop, will preach at 7:30 o'clock in the evening.

At the Central Baptist church, the Rally Day services will be in the nature of a home-coming celebration. All old members of the church and Sunday school are expected to return on this Sunday, and a unique program has been planned.

A. D. OLLIVER IS AGAIN IN TROUBLE OF THE LAW

Mississippi authorities are again after A. D. Olliver, known as "Georgia's Get-Rich-Quick Wallflower." Olliver is now in the Lee county jail at Leesburg, having failed to make bond in several cases charging him with cheating and swindling.

A telegram has been received by Governor Blanton from the governor of Mississippi, in which the latter requests the arrest and return of L. Charles Harding, alias A. D. Olliver, until an order can come to Atlanta with the proper recognition papers.

Olliver has written the governor requesting that he not grant the recognition without giving him a hearing.

FAMILY LOSES HOUSE FURNISHINGS IN FIRE

Plan to Occupy New Bungalow Today But Have Little Left to Move

On the very eve of the day they had planned to move to their new home, the family of D. E. Schermer, an employee of the Western Electric company, barely escaped with their lives from a fire which razed their house far out Peachtree road and destroyed all their possessions save the clothes on their backs, late Wednesday night.

A few months ago Mr. Schermer, his wife and two children, moved into an old house owned by the Interstate Land company, on Peachtree Terrace not far from Peachtree creek, while their new bungalow was being built in the same block.

The bungalow was finished this week and they had planned to move into it Thursday morning. About 9 o'clock Wednesday night, after the four had retired, Mr. Schermer was awakened by a crash of falling timber. The house, thought to have been ignited from a defective fuse in the roof, was all ablaze.

Mr. Schermer rushed his wife and children just in time to escape from the blazing dwelling. The house is nearly a mile outside the city limits, and no fire engines could be called. It was burnt to the ground.

The Schermers spent the night with neighbors. Thursday they were getting ready to occupy the new bungalow, although all their furniture and other possessions, stored temporarily in the old house, were destroyed.

A Rare Display of the New Laces, Trimmings and Ornaments

We shall present tomorrow the new laces, trimmings and ornaments fashionable this fall and winter, that all who are planning new dinner and evening gowns and wraps may see and choose the most favored kinds.

The display speaks well of our ability to get the goods. These beautiful things are all imported, some from Paris, others from Berlin, others from Vienna. They are in a variety and completeness that one could hardly hope to find. Your choice will have as broad a range as in any season and let us set you right at once—prices are not based on the present scarcity of these imported goods.

We list below some of the novelties—but to sense the significance of the display and to enjoy the beauties of the trimmings means you must see them, and this we urge you to do. Browse leisurely, every piece of lace and net is different from the others, every pearl ornament, every silver band, every embroidered galloon and there are so many!

Laces and Nets

Novelty laces of silk and cotton nets are prominent, white, amber, sand, ecru, cream; some of these will show wonderfully fine little embroidered florals. In many meshes, in many widths from 9 to 36 inches wide. One particularly odd net is flounced. With these are embroidered chiffon edges, used so much for waists and for vestees. Priced from 85c to \$8.50.

Silk Nets in great variety, black and colors, for tunics and over draperies. \$1.50 to \$2.50. Soft cotton nets, 72 inches wide, in black, white, cream, ecru, flesh; \$1.00 to \$1.50.

Beautiful gold and silver run laces, 9 to 18 inches wide, \$1.50 to \$8.50. Iridescent laces in glimmering finish, edges, bands and flouncings, 27 inches wide, \$3.50 to \$10.00.

Gold, silver and crystal bands, of wonderfully fine patterns, one-half inch to 9 inches wide, 50c to \$6.00.

How To Make the Quickest, Simplest Cough Remedy

Much Better than the Ready-Made Kind and Ten Cents Fully Guaranteed

This home-made cough syrup is now used in more homes than any other cough remedy. Its promptness, ease and certainty conquering distressing coughs, chest and throat colds, is really remarkable. You can actually feel it take hold. A day's use will usually overcome the ordinary cough—relieves even whooping cough quickly. Splendid, too, for bronchitis, spasmodic croup, bronchial asthma and winter coughs.

Get from any druggist 2½ ounces of Pinex (50 cents worth), pour it in a pint bottle and fill the bottle with plain granulated sugar syrup. This gives you at a cost of only 34 cents—a full pint of better cough syrup than you could buy for \$2.50. Take but a few minutes to prepare. Full directions with Pinex. Tastes good and never spoils.

You will be pleasantly surprised how quickly it loosens dry, hoarse or tight coughs, and breaks the inflamed membranes in a painful cough. It also stops the formation of mucus in the throat and bronchial tubes, thus ending the persistent loose cough.

Pinex is a most valuable concentrated compound of genuine Norway pine extract, rich in vitamin, which is so healing to the membranes.

To avoid disappointment, be sure and ask your druggist for "2½ ounces Pinex," and don't accept anything else.

A guarantee of absolute satisfaction. Return promptly for a full refund on this preparation. The Pinex Co., 21 Wayne, Ind.

NEWS OF WOMEN AND SOCIETY

Cotton to Feature

Woman's Club Meeting
There seems to be much interest in the coming meeting of the Augusta Woman's club, which will be held for the first time this season, Friday afternoon at 4 o'clock at the U. D. C.

The program will be a most interesting one. There will be two beautiful costumes on figures exhibited made of cotton goods manufactured right here, and Mrs. Warren Walker and Miss Marie Allen have procured samples of cotton dress goods made by all of the mills here and adjacent mills in South Carolina and these samples will be shown—Augusta Chronicle.

Mr. Leavitt to Deliver Interesting Lecture in Atlanta

An event of next week in which great interest is being manifested will be the lecture to be delivered by Mr. C. W. Leavitt, of New York, on "Gardening in Its Many Different Forms." The lecture will be for the benefit of St. Luke's church, and will be given under the auspices of the members of Mrs. Alex Smith's committee.

Within the past few years there has been a wonderful revival of interest in gardening in Atlanta, which has been evidenced in the back yards of many of the prettiest homes, where the garden is formed with the aid of flowering shrubs and plants into places of great beauty.

Mr. Leavitt is an authority on cleft and landscape engineering, and much of Washington, D. C., where the capital of the nation, was laid out under his direction. The lecture will be replete with interest and will be splendidly attended. The hour and the place will be announced later.

Miss Amorous Entertains Club

Miss Emmaline Amorous entertained the members of her sewing club, Wednesday, at her home on Forrest avenue. Miss Amorous was attractively gown in black satin embroidered with white.

The club members include Miss Caroline Muse, Miss Carolyn King, Miss Louise Jones, Miss Marion Goldsmith, Miss Nell Prince, Miss Alice May Freeman, Miss May Butler, Miss Mary Key, Miss Nelson McCall, and Mrs. Hugh Scott.

Fish Diet Means Better Food

There is not only economy in a fish diet, but—

It gives you a better food.

If you substitute fish for meat, it not only saves you money, but gives you a higher food value.

In other words you get something better for less money.

Try it, not only one day in the week, but all of them.

Our fish are just as good on Monday as on Friday.

We GUARANTEE them every day in the week.

Candidate for President

General of the D. A. R.
The daughters of the American Revolution of the state of Kansas take much pride and pleasure in announcing that the present state regent, Mrs. George Thacher Guernsey, of Independence, will be a candidate for the office of president general in 1915, having been unanimously endorsed by her state and chapter.

The announcement will be of interest to the D. A. R. circles, notices having been sent to the chapters throughout the United States.

Mrs. Sheppard W. Foster, of Atlanta, ex-state regent, has been named for the office of vice president general from Georgia.

An interesting event of November will be the meeting of the state executive board of Georgia D. A. R. to be held October 5 in Macon, and it is expected that many of the most prominent women in the state will be present.

Matrons Club Entertained at Forty-two Party

Mrs. A. C. McLean entertained the members of the Matrons club at a party Thursday afternoon at her home on "Purthright street."

The room where the guests were entertained, were attractively decorated with flowers, white cloths, black-curtains and roses.

The more casual guests had painted stanzas and all the minor details were in autumn tints. Sixteen guests were present.

The members of the club who made top score last season were Mrs. W. A. Foster and Mrs. J. H. Dwyer, who will be honor guests at an entertainment the Matrons club will give the middle of October.

Tea to Brides Elect

Miss Ruth Tanner will be hostess at a 5 o'clock tea Friday afternoon, at her home on Spring street, in compliment to Miss Nancy Catchings and Miss George Catchings, who will both be married on October 10.

Miss Marie Lewis will serve tea. Twenty-five guests will be entertained.

Old Fashioned Dances Practiced at Tea Dance

The spirit of the old fashioned dances is demonstrated at the cotton ball this evening, invited the tea dance at the Piedmont club Wednesday afternoon, as many of the guests took that opportunity to practice the steps which will be judged in the dance contest at the ball. The tea dance was largely attended and proved one of the bright events of the week.

Among those present were Mrs. Glascok May, Mrs. John E. Cowles, Mrs. Don Pardee, Mrs. John E. Murphy, Mrs. Wilmer Moore, Mrs. Richard Orme Campbell, Mrs. Charles P. Fantastic Twists

In Fall Fashions
Miss Parker Gives Initial Party in Bridge Series

Among the bright social events of Thursday was the morning bridge and luncheon at which Miss Louise Parker, the debutante daughter of Mr. and Mrs. W. A. Parker, entertained at her home on East Fourteenth street.

Great bowls of goldenrod, combined with branches of foliage touched with bright autumn colors, were arranged in the parlor and library, and in the dining room the buffet was banked with a glowing array of dahlias in many colors.

The winner of the first prize was presented with a beautiful course bouquet of pink roses, and a pair of white Italian silk hose was awarded as consolation.

Miss Parker wore a charming costume of midnight blue velvet and touches of cream lace with a broad girlish of pale blue.

The guests included Miss Ida Winship, Miss Mamie Kirkpatrick, Miss Martha Moore, Miss Rosalie Davis, Miss Alice Parks, Miss Mary Bowen, Miss Lucia Roberts, Miss Louise Broyles, Miss Mamie Ansley, Miss Dorothy High, Miss Virginia Lipscomb, Miss Mary King, Miss Elizabeth Hawkins, Miss Maud Devine Horine, Miss Laurence Horine, Miss Fath Johnson, Miss Jane Cowles, Miss Marie Linkins, Miss Carrie Blount, Miss Myra Larkin, Miss Jesse Thompson, Miss Claude Grant, Miss Jane Cowles, Miss Ruth Reid, Miss Willie Muse, Miss McCallough, Miss Margaret Ward.

Miss Parker will entertain at bridge again on Friday morning.

Ansley-Moon Wedding Plans

The marriage of Miss Louise Ansley and Mr. Henry Talbot Moon will be an event of the evening October 14, the wedding to take place at the home of the bride's parents, Mr. and Mrs. Will Miller, on South Candide street, in Decatur.

The party of honor will be Miss Clara Lisa Nichols, of St. Paul, and the matrons of honor will be Mrs. Rucker McCarty, and Mrs. Dan McIntyre, Jr., Mr. Curry Moon, a brother of the groom will be the best man.

The male ushers will be Miss Dorothy Ansley and Miss Lucy Candler.

There's no end to the fantastic twists of the season's new fashions, which have varied the new fall gowns. Some of them are long, some are wide, some are adjustable, and a few of them form a drape for the evening and not all of them are either becoming or graceful.

One of the very latest models is shown in the illustration. It is of the same material as the gown and it is drawn from the bust line in the front diagonally over the hips and fastened in the back with a large white velvet buckle.

The short waisted coat is another of the season's novelties. It is a welcome break in the monotony of long-coated costumes.

For Autumn Birthdays

For the October birthday celebration a Saturday matinee exposition or an evening Halloween party is an easy way to please little folks. Have leaves and sticks raked and piled, ready for after school frolic. Let the children roast marshmallows over the blaze. The guests may be asked to come costumes as witches or bunnies, for all children enjoy dressing up.

The menu, which is a light one, may consist of grape juice, cookie cake and waffles, tiny pumpkin pies, and cakes, with red and yellow candies.

November brings Thanksgiving joys, and the games may consist of tableaux representing scenes of the early Pilgrim days, says The Morning Newsman. The menu may consist of brown bread, turkey salad, grapes, fruit cake and cocoa.

December brings to the birthday child, a tiny Christmas tree with small gifts. There is never a dearth of Christmas games, and the decorations for a Christmas table are easily arranged. A suitable menu consists of scalloped oysters, bread and butter sandwiches, current jelly, white cake, with red stars and candles, frozen whipped cream, nuts and raisins.

These parties are not given each other every year, but once or twice before the all too grown to enjoy them. Most often, the festive cake comes in a very plain dinner, but its presence makes all else fairly good. And each child in the family will have, when he reaches middle age, a string of happy memories that will link him to a joyous childhood in the past.

Bridge Party for Visitor
Mrs. J. C. Dabney entertained delightfully at bridge Thursday afternoon at her home on West Peachtree street in honor of Miss Mae Kerker, of Greensboro, N. C.

A color motif of yellow was used throughout the rooms in which the tables were arranged. Goldenrod and gold-angel adorned the mantels and cabinets, and crystal vases filled with yellow nasturtiums gave an added touch of brightness.

The honor guest was presented with a dainty hand embroidered sewing apron. The first prize was a set of glass bon-bon dish, and the consolation was a set of daintily embroidered handkerchiefs.

Old Fashioned Spelling Bee

The Ladies Aid society of the First Memorial church will hold an old-fashioned spelling bee in the church Friday evening at 7:30.

An interesting program has been arranged and refreshments will be served. All friends of the church are cordially invited and no admission fee will be charged.

Red Cross Shoe

"A Foot More Light
A Step More True"

That is what scores of women have found in the Red Cross Shoe. It frees them wholly from foot-weariness, and gives them buoyancy and vigor.

Behind their distinctive smartness of line and finish, there is wonderful comfort in every pair.

Patent leathers or dull kid are most in demand for dress boots, with fabric quarters, either fawn, gray or black.

High or medium heels, principally leather Louis or Cuban Louis, with variations of concave effects. Shoes that embody in a charming degree the features that distinguish Footwear of fashionably dressed women this season.

But style-perfection is not all that awaits you in Red Cross Shoes—as you will fully realize with the first step in one of these models.

We want you to try on the pretty Boots with fabric uppers, the dainty dancing pumps, or the smart, trim Shoe for walking.

There's individuality in Shoes, and your type and style is here.

VISITING BELLE TO ATTEND COTTON BALL

MISS NELLIE PRIMMY.

—Home Photograph by Lenner.

The charming young daughter of Mr. and Mrs. William Primmy, of Athens, who has recently returned from Europe, where she has been spending the summer. She is the guest of Miss Louise Broyles and will be one of the pretty visiting girls whose bright presence will lend an added attraction to the cotton ball, which will be the large social event of Thursday evening at the Piedmont club.

INTERESTING PERSONAL MENTION

—The cotton ball will be the brilliant social event of the evening at the Piedmont club and will be the initial large affair which will inaugurate a season which promises to be the gayest in several years. The presence of a number of visitors will lend an added brilliancy to the occasion many of whom will remain for the week end and will be guests at several dinners to be given at the country clubs.

—Mrs. A. H. Riggs, who has recently returned from the coast of Maine, where she has been spending the summer, was the guest of honor at an informal luncheon given Wednesday by Mrs. John Probas at her home on Juniper street, invited to meet Mrs. Riggs were Mrs. Herbert L. Manson, Mrs. Josephine Samuel Pines, Mrs. Rima Gray and Mrs. J. K. Gilder.

—Mrs. Josephine Daniels has been elected a delegate to the eighth convention of the North Carolina division, U. D. C., convening in Raleigh, October 10. Mrs. Daniels was an active club worker in Raleigh before coming to Washington and took especial interest in the U. D. C. organization.

—Mr. and Mrs. Oscar Gieberich, who had intended sailing for Paris in the late fall and who have been prevented by the war from doing so will remain for the winter at Provincetown, Mass., where they have had a cottage for the summer. Mrs. Gieberich was formerly Miss Marie Drake, of this city.

—Colonel and Mrs. Robert J. Lowry, Mr. and Mrs. Frank Ellis, Mr. and Mrs. Edward C. Peters and Mr. and Mrs. Henry S. Jackson form a congenial party of friends who will be the guests of Mr. and Mrs. Lewis H. Beck at the cotton ball at the Piedmont club on Thursday evening.

—Mrs. Edward Barnes, Mrs. W. L. Elin, Mrs. C. A. Sisson and Mrs. James E. Bickney were guests at a box party given at the Atlanta Tuesday by Mr. Edward Lowry, who has recently returned from New York, where he has been spending some time.

THE opening of the splendid new quarters of Ludden & Bates Southern Music House, 80 North Pryor St., is attracting a good share of attention. The public is cordially invited to attend any day this week.

Succenters for the "Grown-ups" as well as for the little folks.

WOMEN SUFFER FROM WAR

Thousands of women of Europe are left destitute, unprotected and in misery.

The hearts of the women of America go out to their sisters in Europe who are left in misery and want. American women often suffer from derangements that are purely feminine.

At the first symptoms of any derangement of the feminine organism at any period of life the one safe, really helpful remedy is Dr. Pierce's Favorite Prescription.

It is a woman's medicine and as such its mighty and marvelous restorative power is acknowledged the country over.

Dr. Pierce's Favorite Prescription is a true friend to women in times of trial and at times of pain when the organs are not performing their functions. For headache, backache, hot flashes, catarrhal condition, bearing down sensation, mental depression, dizziness, fainting, spells, lassitude and exhaustion women should never fail to take this tried and true women's medicine.

It's not a secret remedy for all the ingredients are printed on the wrapper. Sold in either tablet or liquid form.

A special feature in this sale is a large assortment of coats---2 to 14 years, all in the new materials

This season, more than ever, promises to be a wrap season for the juveniles. The styles and materials of the dresses this season used for Misses and children call for dressy outside wraps. Among the new materials shown tomorrow in coats, in all sizes, are: Zibelines, plaid mixtures, chin-chillas, Kersey and seal plushes. Many of the new style cape-coat effects are shown---while others are military tailored styles; both raglan and set-in sleeves are shown; and many new belted effects are on display. All of course are in Autumn tints and mixtures--

Offers a Sale--Extraordinary
For Friday and Saturday

New Suits \$12.50 New Dresses \$11.85

LADIES--if you were planning to put \$20 in a NEW SUIT OR DRESS, this is your chance to buy the same value at only \$12.50 and \$11.85. Can you conceive of such an opportunity right at the beginning of a Season? Surely not.

This is how it came about--a foremost manufacturer in New York determined to reduce his surplus stock in Suits and Dresses, and made our representative buyer in New York a most unusual offer--which was snapped up quick as a wink.

These Garments were shipped to us at once--they are here--and by eight o'clock Friday morning each of these 185 SUITS AND DRESSES will wear \$12.50 and \$11.85 tags.

Should you miss this Sale of new Suits and Dresses, you would surely regret it. Cancel every previous engagement and come. Come early, or your size will not be here. There are many models but not all sizes in every style.

Without fear of contradiction we can safely state, that no such values as these have ever before been offered on Whitehall, either by us or anyone else.

These Garments are up-to-the-minute in styles and fabric--and fortunately indeed, are the women who see them--who buy them.

Colors are navy, new brown, new green, plum and black.

Sizes 16-in. to 44-in.
